

Tai Hu.

Formerly there were constant disturbances because of bandits in Tai Hu and our workers had to flee over and over. During their past year Tai Hu City has been "ten parts" peaceful. There are two Knowles Bible Training School graduates there to do evangelistic work. Their work is teaching the Woman's Class—leading Woman's Meeting, Woman's missionary society—doing Sunday School work and sometimes leading the children in the day school in their chapel, beside their constant visiting in the homes and doing personal work.

There was a higher primary boarding school here ~~so now~~ there is an empty building—We plan to open half a day and study half a day—Thus we may use this opportunity to lead many to know Christ well.
