We're really on our way on the  
Easton trip. This place is fasci-  
ating - Car left at top of hill -  
Our room looks over the sea.  
Have driven about 18 miles  
today. Doris Embrey here too + 2  
other teachers. Spring is really  
coming - daffodils everywhere.  
Donkeys take you for rides  
along Clovelly beach. Small  
craft preparing for summer  
joy rides. Streets are all  
cobbled. This hotel is right  
on water front. Old world  
building but very comfortable.  
Car is running well, even though.
